Re: Fosamine 60% MUP
EPA Reg. No. 42750-initial application

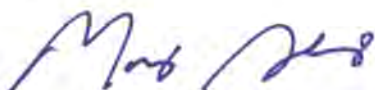

Dear Ms. Montague,

The enclosed is Albaugh's re-application to register the above referenced product. Albaugh initially submitted an application 5/31/13 for this product but subsequently withdrew the application in order to generate required acute tox data. This application is citing the original chemistry data that was submitted on 5/31/13.

Albaugh believes this submission qualifies as a PRIA R333 action with a 10 month review time a \$18,893 fee. A copy of the fee payment sent to the Agency's lockbox is enclosed with this application.

Please call if you have any questions.

Regards,

Morris Gaskins
